The Negro's Real Friend.

Senator Deboe is evidently of the belief that good to the republican party is general and to himself in particular is to come from "a comprehensive investigation into the condition of the people of the Negro race," since he has offered bills to that effect. Statesmen of the Deboe-Crumpacker variety are not the true friends of the Negro race. An investigation of the kind Mr. Deboe proposes would be of no possible benefit. The true friend of the Negro is not the man who seeks his vote in dubious ways, but the man who employs him at honest work, pays him honest wages and exhorts him and helps him to be cleanly, thrifty and law-abiding. That is the gospel which Booker Washington is teaching with such devotion and success—a gospel of which no old-time abolitionist nor latter-day clamor for the Negro's political rights and social privileges has ever dreamed. It is the gospel which is to lift the Negro to the higher plane of civilization on which every real friend of his hopes that he will take his stand.

Booker Washington has been fitly styled the Moses of his race and certainly he has brought great wisdom, tact and devotion to his work, but he is calling for no inquiry into the conditions. The conditions are thoroughly understood by him and every other good friend of the colored man. The distinguished Alabama teacher has the practical wisdom of Benjamin Franklin in recognizing that the first step a race must take in progress is to become industrious and thrifty. To save a part of his income, as Mr. Carnegie aptly says, the act of a civilized person, to spend it all is the act of the savage. Once the Negro can be taught to accumulate property he gives hostages to fortune—it is made to his interest to obey the laws and to have others obey them. No nation and no race ever struggled up to a higher life without hard work and the process of accumulating property. For this reason Booker Washington does not concern himself with the Negro's politics or his religion. He knows that if the black can be taught to work, to live in decent fashion and to desire a decent place in the community, his politics and religion will take care of themselves. His work is a rebuke to the demagogues who champion the Negro solely because his vote will help them to the office they crave. They have made the franchise a curse to the race, as sensible Negroes now realize.—*Courier-Journal*.

KINGSVILLE.

Gardens are being planted and farmers are very busy despite the oil excitement.

A dressmaker, from Boyle county, made her appearance here a few weeks since, but also made her escape. Could she have seen as she fancied she saw, "starvation staring her in the face?" Never mind when "we strike oil" we'll have a multiplicity of dressmakers.

An oil company has been organized here and a number of leases have been taken. Though we sincerely congratulate late Stanford we could but think of the proverb: "To him who bath shall be given," when that fair little city in the heart of the blue grass (14 miles from Kingsville) discovered that she had also great resources in rich oil lands. Kingsville, however, being situated on the C. & S., is nothing if not up-to-date and we have it from reliable authority that oil has been discovered within three miles of our town on the farm of the Widow Upthegrove. In fact it was first discovered about 17 years ago, during the construction of the railroad through this section. The well was for the purpose of supplying the employees with water. As the "water" proved to be oil they could not use it and the well was partially filled up. A few years since Mrs. Upthegrove purchased and moved to the above mentioned farm and recently thought to make use of this well, but could not, it having again proven to be oil. W. L. McCarty will make use of his machinery and will soon bore for oil near the canning factory.

WALKS WITHOUT CRUTCHES.

I was much afflicted with sciatica, writes Ed C. Nod, Iowa, Sedgewick County, Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons and all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm. 25c, 50c and \$1 at Penny's Drug Store.

"Oh, George," exclaimed Mrs. De Style, "Druggists & Pricemark advertise their 500 Spring Bonnets for \$59.99, I shall die if you do not get me one."

"Well," answered Mr. De Style, "I noticed an ad. in the paper stating that Coolman & Plantem would give a first-class funeral for \$39.50."—*Baltimore American*.

There will be a large crowd from here to cheer Lancaster's representative to victory in the electionary contest to be given by Managers Saffley & Alverson at Walton's Opera House, Wednesday evening, June 18th.

Our Prospects.

Lincoln county lies in the central part of the State of Kentucky and is on a line between Bath, Martin, Floyd and Knott counties on the Northeast, and Wayne, Harren and Allen on the Southwest. Before the war, Lincoln county had attracted attention as an oil territory and today this county is coming to the front as one of the promising oil fields of the State. The county is situated at the foot-hills of the Cumberland range of mountains where the limestone and the sandstone blend. Stanford is the county seat of the county, and Sheriff M. S. Baughman's farm is 14 miles from this place. It is proper to add that this is the only well that has ever been drilled north of the Green and Kentucky river divide in Lincoln county. While the history

IN NEIGHBORING COUNTIES.

Mrs. E. D. Sayre, widow of a noted Lexington banker, is dead.

James McGaughey, who was 100 years old Feb. 8, is dead in Anderson county.

Berry Howard was given a warm reception at Pineville on his return from his trial at Frankfort.

Rev. T. A. Bracken, of Lebanon, paid into the endowment fund of Central University a few days before his death the sum of \$2,000.

An oil company has been organized at Brodhead with J. G. Frith, president, Dr. Percy Benton, manager, and J. Thomas Cherry, secretary and treasurer.

S. C. Franklin's ginseng garden near Mt. Vernon was badly damaged by storm. A number of fences in the county were blown down and trees uprooted.

A stylishly dressed woman, who gave her name as Mrs. J. Kiser and her home as Lexington, worked the check racket on Cashier Joe Gibson, of the First National Bank of Somerset, but Chief of Police Hughes arrested her before she left town and she is now in jail.

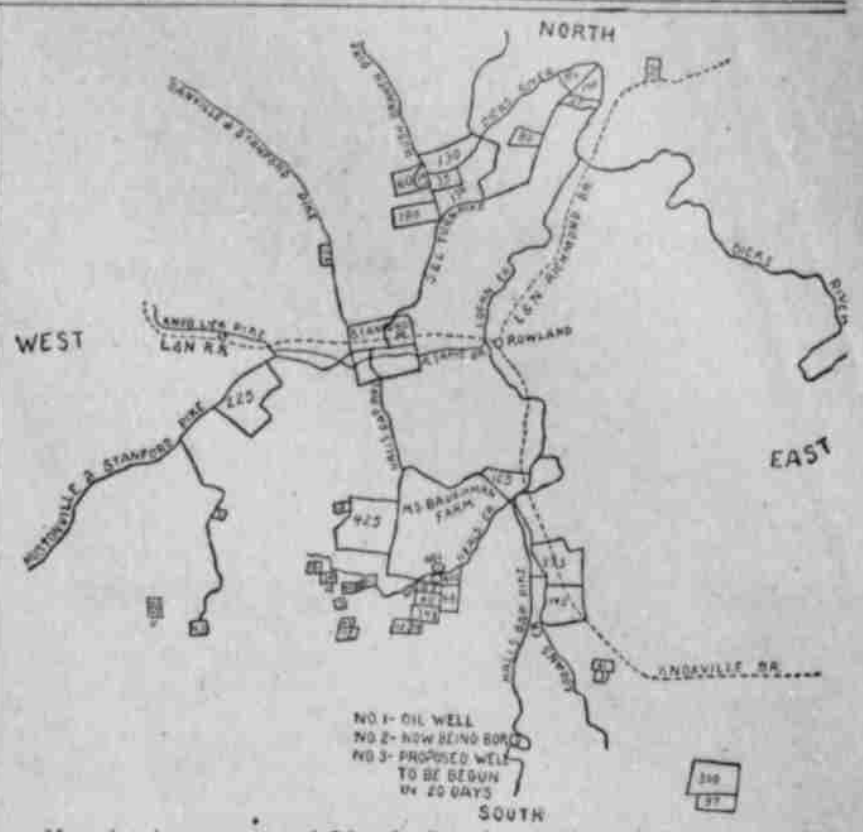

A knotty legal tangle has arisen over the title to 39,000 acres of land in Knox county. With the exception of this tract, all the other lands have been sold or leased to oil men. There are three sets of claimants, one of them being the mountaineers, whose sole title is their long occupancy of the property.

Billy Toomy has a hen that lays two eggs per day, both of which are perfect eggs, but one is inside of the other. The Old Jordan distillery has started up and is making 50 barrels per day. G. W. Westerfield is 57 years old, and is a world wonder in the respect that he has never shaved, and his face is as smooth as a woman's with no signs of a mustache or whiskers.—*Harradburg Democrat*.

HERSON'S LIFE SAVED BY CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within 24 hours," says Mrs. Mary Haller, of Mt. Crawford, Va. This remedy is for sale by Craig & Hocker, druggists.

Eighteen thousand peasants are reported to be participating in riots in the provinces of Pottava and Kharkoff in Russia. They have sacked 80 estates and land owners are fleeing for safety.

and traditions of this county warranted the belief that oil could be found in paying quantities here, local capital has been too timid to risk the venture and it remained for the Central Oil, Gas & Mining Co. of Lexington, Ky., to bring the possibilities of the field prominently before the people. On the 7th day of April, 1902, this company brought in at a depth of 620 feet a well producing oil at an estimated gravity of 32 degrees and capacity estimated from a well-defined oil sand 12 feet thick, with 8 feet pay streak, conservatively estimated. In this well oil is now standing 370 feet, by actual measurement. The above are facts. We are not undertaking a "boosting" business. In proof of this we produce the following analysis from the chemist of State College, Lexington:

Specific gravity 32 degrees B. Distillate below 300 F. is per cent (gasoline); distillate between 300 and 572 F. 28.5 per cent. (burning oil); distillate above 572 F. 42.5 per cent. (heavy paraffin oil, lubricating oil); solid residue, 10; total, 99 per cent.

The Company has the property and while the larger investors will receive the larger returns, every stockholder will fare alike. The acreage in Lincoln county leased by this Com-

pany amounts to 3,000 acres, and the leases are of good life; fully a third of the leases are within a radius of one-half mile of the well. In addition, these leases are, in the main, adjacent and contiguous to the M. S. Baughman farm, on which the well is located. Of these leases a tract of 1424 acres is within 1,052 feet of the well. With an oil well so close, of admitted quality and quantity produced from an oil sand 12 feet thick, the Company confidently asserts that it may reasonably claim to be offering something tangible to the investor, that the possibilities of the company are great and commend themselves to the reader.

The Company's first location will not be further than one mile from the L. & N. railroad, to which the oil, by reason of the lay of the land, will gravitate. The railroad runs immediately through part of the Company's holdings.

THE Confederate Veterans' reunion at Dallas, Texas, came to an end Friday, when grand old Gen. Gordon said, with warmest feeling of as tender a heart as ever beat in manly bosom: "This is the saddest day of a happy reunion, for today my comrades part from me, they part from each other; another year and another reunion will find some of us, perhaps many, gone to the last muster. Each year my heart is wrung with the parting, even as it is gladdened and quickened by the meeting, and pray that we may be vouchsafed just one more reunion if no more, before the solemn reunion of all men and all races beyond the river." May God hear his prayer and spare them all another year. Gen. Gordon said that when his end came he wished Confederates to bury him and that his epitaph should be: "Here lies a Confederate."

THE Lexington Herald's distinguished editor rushes to the rescue of Minister Gum Shoe Hunter and tries to prove him innocent of the outrageous board bill he charged Mrs. Barrios, who thought she was the minister's guest. In his lengthy editorial, Col. Breckinridge makes this statement, which comes as a surprise to the many who thought him about the worst pill in the republican box: "We do not agree in politics with Dr. Hunter nor have we approved his political methods." Truly it can be said in Col. Breckinridge's case that "as long as the light holds out to burn the vilest sinner may return." Now let him quit abusing democrats and their every official act and the right hand of fellowship will be gladly extended to "the ablest editorial writer in the South."

NEWSPAPER dispatches from Bloomington, Ill., say that 2,000 men employed in the shops of the Chicago & Alton railway have resolved to eat no meat during the next 30 days. This oath of abstinence is the result not of any sentimental or hygienic aversion to animal food, but of a rooted antipathy to high prices, especially when believed to be enforced by a trust. We admire the sentiment of these good men but they are going to find it mighty hard to work day in and day out on bread alone. Then too, the meat trust will go on and flourish just the same, whether these men eat meat or not.

SENATORIAL elections will be held in a number of States this year and next, the terms expiring in March, 1903, including those of Senators Mason, of Illinois, Platt, of New York, Jones, of Arkansas, Teller, of Colorado, Orville H. Platt, of Connecticut, Fairbanks, of Idaho, Allison, of Iowa, Gallinger, of New Hampshire, Penrose, of Pennsylvania, McLaurin, of South Carolina, and Spooner, of Wisconsin. Several of these will not succeed themselves, but none is so sure of reelection as McLaurin, the turncoat who sold his birthright for a mess of pottage.

If Attorney General Knox had not been a trust attorney before going into the cabinet, more confidence would be placed in his alleged effort against these iniquitous combines. It is reported that he has decided that the beef trust, as operated, violates the Sherman Anti-trust law and ordered criminal prosecutions against Chicago packers. A pentecostary sentence and \$5,000 fine are the penalties for conviction.

THE infamous Cincinnati Commercial Tribune says that Berry Howard was acquitted to show that justice is supreme in Kentucky and to induce Durbin to let go of his hold on Taylor, Finley, et al. The writer of such rot is the meanest scavenger in the business.

THE jury took only two hours to decide that Berry Howard was not guilty of complicity in the assassination of Gov. Goebel and so declared in its verdict. Now let Ex-Sheriff Broughton, who proved to be such a knowing witness, be given a hearing in court.

TEDDY is going after the trusts. He told Senator Burrows, of Michigan, that he would try his hand first on the sugar trust and expressed his intention to take a fall out of all the others.

FRIENDS of J. M. Richardson, of the Glasgow Times, are urging him to run for Congress. We only wish we could cast a vote for the splendid gentleman and democrat of the Third.

WHAT have the assassination organs to say now? A jury of 12 good democrats declared Berry Howard not guilty of complicity in the assassination of Gov. Goebel.

To the Telephone Subscribers and the General Public.

The Stanford Telephone Company has for several years past been furnishing telephone service to the citizens of this town and county; and it has always been our effort to render to the general public a service that would be satisfactory, and through the agency of representatives who would be courteous and competent; and who, by their conduct and good service would emphasize to the public the fact of the company's appreciation of the patronage extended.

This policy of good treatment will be continued in the future, and the determination of the company to always furnish the best possible will be emphasized by the continued attention to new improvements and new lines reaching more and more out into the country until every citizen of the county will have an opportunity of putting himself in touch with the system by means of our lines and telephones.

We have just arranged with the Hustonville exchange for a free interchange of service to bona fide subscribers. This really adds a great many telephones to the list.

In conclusion we have to say that if others operating with inferior instruments and using cheap apparatus, and by a long cheap line, desire to compete with us, we will not, during such competition, consider at all the question of the cost to us of rendering service to you; but we will do whatever may be necessary to protect our interests; and it will, therefore, be to your advantage to refuse to tie yourselves up in any long-time, arbitrary, binding contracts to any one, but leave yourselves free to take advantage of the very best offer that may be made from time to time.

Our property can not be converted or transferred, and we will, therefore, protect it as far as possible where it stands.

Thanking you for past patronage, and soliciting its continuance, and assuring you that we are in for the war, we are, Yours truly,

Royal Denmark is 16 hands high, beautiful bay, 5 years old, sired by Black Dave, he by Stone-wall, Jr., he by old Stone-wall, he by Washington Denmark. Royal Denmark's first dam by Escort, registered, second dam by Fervine, registered, 3rd dam by old imported Pointer, 4th dam by old Copperbottom, registered. Considering Royal Denmark's breeding and individuality, he is without doubt the cheapest stallion standing in Central Kentucky today.

EXECUTOR'S SALE.

A Splendid Farm in Lincoln County and a Business House & Other Desirable Property in Stanford

As Executors of the last will and testament of John S. Murphy, Sr., deceased, we will, at the front door of the Court House in Stanford, on

Saturday, May 10th, 1902,

sell at public auction to the highest bidder these parcels of real estate which belong to the estate of testator, to-wit:

1. The business house and lot on the southeast corner of Main and Lancaster streets in Stanford, which is now occupied by John Bright, Jr., & Co.

2. The tract of about 40 acres of land situated in the southwestern part of Stanford.

3. The farm of about 200 acres of excellent land situated about 3 1/2 miles from Stanford on the Hustonville pike. This farm will first be offered in two parcels, one of about 150 acres, being that part on the north side of the pike; the other of about 50 acres on the south side of the pike. The farm will be offered as a whole and the best bid in the aggregate accepted.

4. A parcel of about 250 acres of knob land near Highland.

Terms of Sale—One-fourth cash, remainder in one and two years, with interest from date, secured by lien retained. The purchaser to get the proportionate rents from day of sale and full possession Jan. 1, 1903.

The purchaser of the 150 acre tract on the north side of the pike is to assume the payment to Mrs. Mary J. Murphy of the sum of \$100 quarterly during her life, but no longer.

For particulars call on John S. Murphy, near McKinney, Ky. Sale to begin at 2 p. m. W. H. & J. S. Murphy, Executors.

DIGNITY DARE.

DESCRIPTION.—Foaled 1895, 15 hands 3 1/2 in. high, weighs, in good flesh, 1,200 pounds; mahogany bay, with black points; a model in form with that wonderful style characteristic of the Chester Dare family so universally acknowledged as superior to all. As a show horse he has made a good record, winning in his class and sweepstakes many blue ties. In his 3-year-old form wore 13 blue ties out of 14 shows thro' Central Kentucky. In harness he is very stylish, well gaited, with pure decided action and steps a clip few saddle horses can show, making him a harness horse of the highest type. Under saddle he is attractive, bold, with best of line action, speedily separating his gates perfectly, with knee action necessary for an up-to-date rider. His colts, though young, are coming to the front and fast ranking him one of the best of breeders, which class bring sensational prices. His colts are large, rangy, with long, well-set neck, fine backs, broad, flat bone, with great action and best of colors. I respectfully invite you to call and inspect them before booking your mares.

PEDIGREE.—Sired by famous Chester Dare, No. 10, A. S. H. R., he by Black Squirrel, 58, he by Black Eagle, 74, he by King William, 67, he by Washington Denmark, 64, he by Galma's Denmark, 61, he by imported Hedgeford; 1st dam Lizzie by Welchmont, No. 6367, A. S. H. R., he by William Welch, 341, he by Rysdicks Hambletonian, 19, 2d dam by Abdullah Messenger, 3rd dam by Gills' Vermont, 4th dam Thoroughbred, Welchmont's 1st dam Pauline by Almont Forest, 2863.

Will make the season 1902 at Lawn Mere Stock Farm, 2 1/2 miles West of Hustonville, Ky., on Bradfordville & Hustonville pike, near Carpenter's Station, at \$20 to insure a living colt. A small reduction on a club of 5 or more mares. Mares traded or parted with forfeit insurance and money becomes due at time of such transaction. Loin retained upon all colts till season money is paid. Mares from a distance grazed \$2 per month. Grain fed, if desired, at reasonable rates. All bills must be paid before removal of mares. Mares entrusted will receive my personal attention, but will not be responsible for accidents or escapes.

THE L. & N. will give another \$150 round-trip rate to Cincinnati over the K. C. Sunday. A great game of ball between Cincinnati and Pittsburgh is scheduled for that day.

OIL.—The Smith & Withers Oil Co. struck another small flow of oil at 700 feet in their well at Jumbo. They will continue to drill. The prospects look very flattering for this company.

YOUR attention is called to the large advertisement of the Lincoln Oil, Gas & Mineral Co., which appears on our first page. Read it carefully and see if you don't think it would be a good thing to put some of your surplus money in.

WE understand that Hon. B. B. King is an applicant for the postmastership of Moreland. It would be hard to find a cleverer man for the place. Mr. King is a red hot republican but every democrat in the county would like to see him get the office.

WHAT'S IN A NAME?—There are big shows combined and greatest shows on earth, but only one aggregation truthfully sustains the title of the "best show in the world," and that is the great Sells-Downs show which comes to Stanford Monday, May 12.

THE Crab Orchard fair will be incorporated with a capital stock of \$2,000. About all of the stock has been placed and much more could be sold. The East Enders say that everything points to a great meeting and that they are going to leave nothing undone to make it pleasant for all who come.

SMALL-POX.—Task Yowell, a country Negro, came to Hustonville the other day to see a doctor, saying that he felt sick. Drs. Brown and Barker diagnosed his case and pronounced it small-pox. He was hurried out of town as quickly as possible and requested to remain away until he gets entirely well of the loathsome disease.

16 TO 14.—The Stanford boys defeated the "Bloomers" 16 to 14 here Friday afternoon. Harry Higgins was the twister for the home team and Ware McRoberts, of Lancaster, caught him. The "Bloomers" had seven girls in their line. Their pitcher and catcher were of the opposite sex. A fairly good crowd saw the game, which was a poor one.

THE Detroit News-Tribune of a recent date contained a splendid picture of the Baughman oil well taken by its artist who was here with the "Michigan Delegation." A picture of the car that brought the delegation also appears. The picture was taken while the car stood at the Stanford depot surrounded by the Michigan and Lexington crowd.

MR. W. M. DABNEY, who has six Star Drilling Machines at work in Knox county, was here Saturday and left the advertisement to be found elsewhere. Mr. Dabney drilled the four "gusher" wells on the Wage farm, two on the Cy Jones farm, one on the Barnes farm and one on the George Jones farm. He told us that 15 Star machines are drilling in Knox and eight of other make are running day and night. Mr. Dabney is an experienced driller and our oil men should not forget him when they are in need of work.

DRILLING in earnest has begun on the second well on Sheriff M. S. Baughman's farm and the result of it will be watched with great interest. If another good well is found we may feel assured that this is an oil field, sure enough, and every man, woman and child in and around Stanford will be benefited by the increase of business that will follow. With a proven oil territory, an oil refinery is more than likely to follow here; oil machinery supply houses will in all probability be located; capitalists will come and the good town of Stanford will grow and be strengthened in commercial affairs beyond the expectation of even the most optimistic. With a magnificent agricultural country North, West and East of Stanford and rich oil fields to the South there is every reason why we should feel that "better times are coming and they ain't far away."

GRAPHITE.—Mr. S. A. Middleton writes from Crab Orchard that he thinks he has graphite on some of his leases. He would be glad to correspond with some firm operating such mines.

THE price of the Beaumont, Texas, oil has advanced from three to four cents per barrel. Some of this oil has sold as low as two cents per barrel. The Beaumont oil is mostly used for fuel purposes.

PICKED FROM THE BEST.—World's Greatest Acrobats, Leapers, Tumblers and Clowns are to be seen only with the greatest Sells-Downs Consolidated Shows which come to Stanford, Monday, May 12th.

THE great Kentucky Derby will be run at Louisville Saturday and every lover of the bangtail here and elsewhere in Kentucky will see it if he can "raise the price and spare the time." A good field will face the flag. Abe Frank will more than likely be the favorite.

THE Q. & C. ran two passenger trains over this division of the L. & N. Saturday. The burning of a trestle South of Somerset made it necessary. A freight train crossed the trestle while it was burning and 10 of the cars went thro', but the engine passed over safely. Fireman Brady jumped from the engine and was killed. A tramp also met death.

FINE PROSPECTS.—The 9th annual elocutionary contest for young ladies to be held here the last of June promises to be the best contest ever held in the State. The prizes will be the finest and most expensive ever offered and nothing will be left undone to make it a great contest. Manager E. H. Beazley has already received a number of entries from different parts of the State and the public is assured a rare treat.

SENECA Lodge, No. 27, I. O. Red Men, will convene at the Engine House Wigwam, in a rousing council, the opening in the Warrior's Degree, on the 2d sleep, 7th run and 30th breath, Plant Moon. Let every Red Man, especially all elective chiefs, belonging to the reorganization, trail toward the Engine House and be present at the kindling of the council brand. By order of Sam T. Harris, Sachem; W. N. Craig, Chief of Records.

THE Neal's Creek Oil & Gas Co. is the latest addition to the oil field, the incorporators being Messrs. Forester Reid, James M. Pettus, S. T. Harris, J. S. Hocker, Hugh Reid and J. B. Paxton. Forester Reid, president; J. B. Paxton, vice president; J. M. Pettus, secretary and general manager; J. S. Hocker, treasurer. The company has already leased over 3,000 acres of land, including among other valuable tracts on Neal's Creek 200 acres of the Pettus farm, which adjoins the Baughman farm, and is only a short distance from the excellent well that has been sunk on that place. The company will offer no stock for sale at present, but may do so in the near future.

BEGUN WORK.—The Lincoln County Telephone Co., organized here last week with a capital stock of \$10,000, have commenced already on their line between this place and Lancaster and expect to have it completed in 10 days. When that line is completed it will give the above company connection at once with Hubbell, Crab Orchard, Lancaster, Mt. Vernon, Livingston, Nicholasville, Lexington and other points. They will, as soon as possible, begin running their lines in every direction out of town and propose to leave nothing undone to give the people of Stanford and Lincoln county the best telephone service possible. The instruments to be used, will be of the very best and latest pattern and, at the proper time, will ask for a liberal share of the public patronage. The exchange here, the management informs us, will be equipped with one of the latest improved switchboards and will have on hand, day and night, experienced operators to serve its patrons.

The 8 Hour Day

Which the working man has fought for and succeeded in obtaining is something the wife has no share in. Her day begins before his and ends long after it, as a rule, and many a night her rest is broken by the baby's fretfulness. The healthiest woman must wear out under such a strain. What can be expected then of those women who are weakened by womanly diseases?

Women who are weak, worn-out and run-down will find new life and new strength in the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

Sick people are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I suffered with female weakness about eight years—tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription," writes Mrs. John Green, of Danville, Boyle Co., Ky. "This medicine was recommended to me by other patients. I have taken six bottles and I feel like another person."

The dealer who offers a substitute for "Favorite Prescription," is only seeking to make the little more profit paid on the sale of less meritorious medicines. His profit is your loss. Refuse all substitutes.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

MUSICAL PRODIGY.—Mr. G. A. Swinebroad told us at Lancaster yesterday that G. B. Swinebroad's eight-months old baby could play a French harp. He is a grandson of Mr. G. A. and while the music may not be of a very high order it is naturally very sweet to the grandfather.

MONUMENTS.
(PURCHASING.)

White Bronze is to stone in the monument business what the improved drop-head sewing machine is to the old hand method, or the palace car is to the old stage coach. It is the advanced thought of the age. It is indestructible and will perpetuate the records and resting place of your loved ones. It is very beautiful with a frosted silver appearance. Please hold your order until you can investigate it.

Blue Eyes.

The spotted Shetland stallion, Blue Eyes, by imported Blue Eyes, will make the season of 1904 at \$8 the season, cash at time of service, or \$4 to insure a living colt.

Guy Logan Hundley,

Danville, Kentucky.

PRESTON 922.

Vol. 11.

Solid bay, black points, 15 1/2 hands high, fine style. Sired by Washington 54.

Washington 54 was sired by Comwell, he by Washington Denmark, he by Gaines Denmark, he by race horse Denmark. First dam by Halcorn, 2d dam by Crusader, 3d dam by Cocksport. Preston's 1st dam Belle by Rhodoric 104, 2d dam by Denmark.

Belle, the dam of Preston, was a noted show mare. It is impossible to commend him, as he is one of the finest show horses in Kentucky. His colts are coming to the front and bringing startling prices. Preston won the \$1,000 Saddle Stake at Richmond and many more rich ones.

Preston will serve mares at \$10 to insure living colts. Will keep mares on grass at \$2 a month.

W. B. Burton, Lancaster, Ky.

Eagle Bird,

The mighty son of the great King Eagle.

Eagle Bird as a show stallion has but few equals. He won the \$500 stake at Lexington, Ky., defeating some of the greatest horses that Kentucky has ever produced.

Eagle Bird, as a sire of good colored, high finished horses, is not surpassed. His colts are in demand and are selling for high prices, either for business or breeding purposes. Will make the present season at the stable of his owners, 2 miles west of Stanford on the Shelby City pike at the low price of

\$10 to insure a living colt.

Parting with the mare forfeits the insurance.

Also at the same place we will stand the fine mule Jack.

SWEET WILLIAM,

at \$8 to insure. No better mule Jack will be offered for public service than this one. For further particulars, address

Galton 12,910.

Standard and registered. Sired by Gambetta Wilkes 2:19 1/4, sire of Guineette 2:05, Lottie Loraine 2:05 1/4, Eyelet 2:05 1/4, Dr. Monmouth 2:08 1/4, and 99 others in the 2:30 list.

First dam Daisy Field (granddam of Alice Wilkes 2:17 and Aleatna 2:18) by Enfield (sire of 6 in 2:30 and the dams of 55 in 2:30 or better).

Second dam, Quickstep by Kentucky Prince, Jr., sire of J. Q. 2:17 1/4, Lemonade 2:27 1/4 and others and dams of 6 in the list.

Third dam by Old Joe, sire of the dam of J. Q. 2:17 1/4. Gambetta Wilkes' sons and daughters have over 100 in the 2:30 list. Galton carries the blood of the four leading families—Wilkes, Hambletonian, Manbrino Chief and Seeley's American Star.

Galton is a great show horse, as has been tested in the show rings. His colts have been shown three years in succession at Hustonville, Danville, Springfield and other fairs and have won the largest premiums for harness classes over all others. He has proven a great cross on saddle mares as he gives his colts flash, action and step, and they are selling for the highest prices. Galton will serve mares at my stable two miles west of Hustonville, at \$10 TO INSURE A LIVING COLT. Will keep mares on grass at \$2 per month after May 1.

G. D. Wilson, of Lexington, sold to James Ross Todd, of Louisville, a fancy team of five-year-old brown geldings for \$1,500.

The good brood mare, Imp. Field Azure, is dead. She was owned by the Kennedys who sold a suckling from her for \$13,000.

R. G. Deeny will put in 60 acres of hemp. E. P. Woods and J. R. Beazley will put in a similar amount on Mr. Woods' farm.

Josh Wilson sold to Ruble, of Gardard, a lot of heifers and cows at 31c who sold them to George Peel, of Jessamine, at 31c.

J. M. Roberts bought 19 calves from Tom Hall at about \$12 50; 12 yearlings of Nate Burton at \$10 35; nine two-year-old steers of Tip Kyse at 4c—Somerset Journal.

J. R. & E. H. Beazley sold to John Campbell, of St. Louis, their handsome pair of bays for \$850 and another gelding for \$250. They were three magnificent horses.

C. R. Martin sold 50 barrels of corn to D. N. Prewitt at \$3 50 in the crib. Mr. Prewitt bought a car-load of fat hogs around Stanford at from \$5 25 to \$6—Advocate.

Only four stallions were exhibited at the Lancaster horse show yesterday. They were Clay King and Preston, owned by W. B. Burton, Dignity Dare, belonging to C. C. Carpenter and Gambro, the property of John S. Baughman, of Boyle.

I will stand my jack, Jim Porter, at my farm 4 miles East of Stanford on the Preacherville & Stanford pike at \$7 50 to insure a living colt. Mares only served. Money forfeited if mare is moved or traded, without satisfying me mare is not in foal. Silas Anderson.

E. P. Carpenter's On Time mare has foaled another stud colt by Dignity Dare, very much like his two-year-old, which is a full brother. This makes the third stud colt in succession and Mr. Carpenter seems to have a little fortune in this mare. She has been bred to Dignity Dare again.

The existence of a beef trust is proved by the collection of statistics from all parts of the country. Reports of the shortage of steers have been greatly exaggerated. Six big packing firms are believed to regulate the buying and selling of cattle. The Dingley law puts a prohibitive tariff on the importation of beef from Canada.

LANCASTER COURT—A fairly good crowd attended Lancaster court, notwithstanding the inclement weather, but stock trading was dull. Of the 300 cattle on market, scarcely 100 sold. Some choice yearlings brought 51c, two-year olds sold at 5c, heifers 3 to 3 1/2c, butcher stuff 2 1/2 to 3c. A few mules sold at \$75 to \$130 and horses at \$25 to \$150.

BEAUTY AND STRENGTH.

Are desirable. You are strong and vigorous when your blood is pure. Many—may most women, fail to properly digest their food and so become pale, sallow, thin and weak, while the brightness, beauty and freshness of the skin and complexion depart. Remedy this unpleasant evil by eating nourishing food and taking a small dose of Herbine after each meal, to digest what you have eaten. 50c at Penny's Drug Store.

IN MEMORIAM.

Mrs. Martha Lucas, of Middleburg, died at the home of her son-in-law, M. W. Jones, at 15 minutes to 1 o'clock Wednesday morning, April 16, 1902.

She had been sick since the 1st of February with a complication of diseases, but the main cause of her death was bronchial pneumonia. She was past 70 years old and a widow for about 25 years, her husband, F. J. Lucas, having died in 1876. Her maiden name was Estes, daughter of John Estes, deceased, and last but one of a large family of children. She had three children—one daughter, Mrs. M. W. Jones, and two sons, W. E. and F. B. Lucas, all living and present when she died and who, with others, did everything that devoted children and kind friends could do, to alleviate her sufferings and to stay the hand of the grim monster, but of no avail. She almost idolized her children and was never so happy as when in their company and when they succeeded and never so sad as when they met adversity. She leaves behind, besides her three children, 13 grandchildren and nine great-grandchildren. She expressed, on different occasions, a perfect willingness to go if it was the Lord's will and even said she was tired of this life and had rather not get well. She had been a member of the Baptist church since she was a girl and was unwavering in the belief she espoused. She was laid to rest beside her husband in Middleburg Cemetery after appropriate services conducted by Rev. J. B. Ferrell, of the Baptist church, assisted by Rev. Logan Godbey, of the M. E. church, services being held at the grave. While the trial is a severe one, we submissively bow and bid farewell to our grandma and great-grandma till we meet again in the sweet bye and bye.

In this connection the children desire to express the profoundest thanks to kind friends and neighbors for their kindness in giving aid, in rendering services in various ways during our mother's illness and hope they will not lose their reward. M. W. JONES.

GOOD FOR RHEUMATISM.

Last fall I was taken with a severe attack of muscular rheumatism which gave me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured. Sallie Harris, Salem, N. J. For sale by Craig & Hicker, druggists.

Frederick W. Vanderbilt heads the list of New York's wealthy men assessed for personal property. His assessment is a round \$2,000,000, which, at the prevailing rate of .0231 on the dollar, would make his next tax bill \$46,200.

Mount Etna is found by Prof. Ricci to have been lowered 65 feet on the South since 1868, and twice as much on the North. The top is supposed to have been slowly blown away by the wind.

SAVE THE LOVED ONES!

Mrs. Mary A. Villet, Newcastle, Colo., writes: "I believe Ballard's Horehound Syrup is superior to any other cough medicine and will do all that is claimed for it, and it is so pleasant to take. My little girl wants to take it when she has no need for it." Ballard's Horehound Syrup is the great cure for all pulmonary ailments. 25c, 50c and \$1 at Penny's Drug Store.

Modern Drug Dealing.

The elements that enter into perfect drug service are, we believe, these: Competency, quality, courteousness and a fair profit policy. We endeavor to give all these the fullest expression. While in some things there is legitimate need of varying qualities, in medicinal drugs there is not. We handle one grade only—the highest—yet our prices are apt to be less than inferior are sold for.
